My Portfolio: <https://elbahar.top/>

LinkedIn: <https://www.linkedin.com/in/elbaharr> - GitHub: <https://github.com/elbaharr>

As a Front-End Developer, I combine a solid academic background in Information Systems with hands-on experience in building websites, managing student platforms, and delivering technical content. Through my work on educational and community projects, I developed strong skills in web development, UI/UX design, and team leadership. I am eager to contribute to innovative projects, enhance user experiences, and continue improving my technical and creative capabilities. Passionate about learning, collaboration, and creating meaningful digital solutions.
